VIOLENT FIGHT ON WEST FRONT

FRANCE AND SALONIKI ARE THE SCENES OF HARDEST FIGHTING SATURDAY.

LONDON, Aug. 26.—(By Associated Press.)—Fighting on the western front was fiercest in all of the battle-fronts tonight without any notable successes being recorded.

France and the region north of Saloniki are the scenes of the most intense activity, the initiative in both fields apparently being with the Germans.

Paris and London announce the repulse of repeated German attacks on the Somme and Verdun fronts.

The German efforts being especially strong at Thiepval, Guillemont and Morons on the field north of the Somme before Verdun.

The British claim an additional advance near Mequet Farm, and the occupation of two yards of trenches along the Conspicuous-Thiepval road.

British reports that attacks were repulsed in virtually the same sectors.

Sofia records the repulse of eighteen consecutive attacks by the Serbians northwest of Saloniki, where the Serbians losses are stated to have been heavy.

Northwest of Saloniki the Bulgarians have apparently without opposition from the Greeks, secured a good part of northeastern Macedonia for fifty miles along the Aegean Sea.

The Bulgarians now have an additional frontage along the Aegean and are nearing Orizovo, fifty miles northeast of Saloniki, this morning it is on the Aegean at Saloniki.

No Allied advances are reported, but British aeroplanes have been seen south of their front line at Saloniki.

The Bulgarians are making progress on several points in the mountainous region north of Saloniki.

An officer in the Alps, Vienna says that the attack in the Alps Alps has been repulsed while Rome reports a repulse of German attacks.

FARMERS CONGRESS THIRD ANNUAL MEET CLOSES GLORIOUSLY

ATTENDANCE AND INTEREST HOLDS PACE UNTIL MEETING IS DECLARED FINISHED UNTIL NEXT YEAR.

CLOSING DAY'S PROGRAM BRILLIANT

Much Credit for Success of Meeting is Given to Hamlin Palmer, H. M. Bainer and Others From Outside Amarillo in Their Co-operation Given Him Through Entire Meeting.

The third annual convention of the Panhandle Farmers' Congress is history, having reached its close yesterday afternoon.

The last day of the Congress was by no means its least day and the attendance and interest held well to the close. There was enthusiasm expressed by both residents and visitors in connection with the work accomplished at the session just closed.

Much of the credit for the excellent success of the Congress is due to Hamlin Palmer of the Board of Development, who had active charge of all preliminaries leading up to the meeting, for the city, assisted by H. M. Bainer, general chairman of the arrangements. Also is credit due Fred W. Davis, State Commissioner of Agriculture, who placed two men, D. C. Dove of Buffalo, and Wellington Winn of Canyon, in the field for several weeks, working up an active interest in the meetings. In addition to this, Mr. Davis gave personal attention to the advancement of the Congress. Aid was also received from individuals in and out of Amarillo.

So much good was accomplished, that it would be difficult to enumerate the various phases of help. Both farmers and business men, country women and those from the towns received helpful suggestions and thoughts by reason of the meetings.

The program yesterday was opened by Harmon Benton, chairman of the organizing committee, who spoke for the farmers.

Miss Laura V. Hamner, Miss H. M. Bainer, and others spoke for the business men.

One of the main objects of the Congress is to bring the farmers and business men into closer cooperation.

No shares in the Congress are to be transferred without the consent of the association.
